

**FOR IMMEDIATE RELEASE**

## **Syntex Management Systems, Inc to Deliver Presentation at the National Safety Council 2010 Texas Safety Conference & Exhibition**

**Houston, Texas** (March 15, 2010) – Syntex Management Systems, Inc., world's leading provider of enterprise risk management solutions, is pleased to announce that Syntex will be presenting a technical session at the National Safety Council (NSC) 2010 Texas Safety Conference & Exhibition being held in on March 15-17, 2010 in The Woodlands, Texas at The Woodlands Waterway Hotel and Convention Center. Joe Stough, Founder and Executive Vice President of Product Strategy for Syntex will deliver the presentation entitled "Putting Lagging Indicators in the Rear-View Mirror with Broadly Applicable Process-Based KPIs," on March 16<sup>th</sup> from 8:30 am – 9:30 am.

With over 20 technical sessions of critical issues and hot topics across all industry sectors, the NSC 2010 TSCE will provide attendees access to the products, trends, experts, education, and networking opportunities. By attending the presentation in room Waterway 1, registered attendees will have the opportunity to discuss how Syntex can help global leaders continuously improve EHS performance in the Energy, Chemicals, Process Manufacturing and various other industries. Companies are able to use IMPACT Leading Indicators including HSE Reporting Culture, Leadership Commitment & Involvement, Action Responsiveness, and Risk Reduction to identify and mitigate operational risks.

IMPACT ERM<sup>®</sup> Suite is a comprehensive Enterprise Risk Management solution that helps companies dramatically improve Operational, Quality, Security, Health, Safety, and Environmental performance. Today, global industry leaders deploy IMPACT ERM<sup>®</sup> Suite worldwide to reduce losses and improve performance by automating regulatory reporting and enabling in-depth analysis of key operational metrics at site and enterprise levels. The software solution seamlessly integrates Incident, Near Miss, and Investigation Tracking with critical processes such as Corrective Action and Assessment Management, Knowledge Sharing, and Comprehensive Analysis and Reporting to achieve effective safety culture improvement and continual world-class EHS performance.

For more information about Syntex software products and services or to schedule a one-on-one product demonstration at the NSC Texas Safety Conference & Exhibition, attendees may contact Syntex at [info@syntexsolutions.com](mailto:info@syntexsolutions.com).
