

**FOR IMMEDIATE RELEASE**

## **Syntex Management Systems, Inc to Sponsor the Edison Electric Institute Spring Occupational Health and Safety Committee Conference**

**Houston, Texas** (April 21, 2009) – Syntex Management Systems, Inc., world's leading provider of enterprise risk management solutions, is pleased to announce that Syntex will be one of the sponsors at the Edison Electric Institute (EEI) Spring Occupational Health and Safety Committee Conference being held on April 21-24, 2009 in Alexandria, VA at the Hilton Alexandria Mark Center. Registered attendees will have the opportunity to visit the Syntex table and have a one-on-one demonstration of IMPACT ERM® as well as discuss how Syntex is helping global leaders continuously improve HSE performance in the Utilities industry as well as Energy, Chemicals, Process Manufacturing and various other industries. Syntex will demonstrate how companies are extracting leading Indicators from their data to find the “real” leading indicators of performance, such as, HSE Reporting Culture, Leadership Commitment & Involvement, and Action Responsiveness to identify and mitigate operational risks.

The EEI Spring Occupational Health & Safety Committee Conference will showcase the most innovative products and services directly to the safety and health professionals of America's shareholder-owned electric utilities. For more information on the conference visit [www.eei.org](http://www.eei.org).

IMPACT ERM® Suite is a comprehensive Enterprise Risk Management solution that helps companies dramatically improve Operational Health, Safety, Environmental, Quality and Security performance will be among those products presented. Today, global industry leaders deploy IMPACT ERM® Suite worldwide to reduce losses and improve performance by automating regulatory reporting and enabling in-depth analysis of key operational metrics at site and enterprise levels. The software solution seamlessly integrates reactive elements including Incident, Near Miss, and Investigation Tracking with critical, proactive processes comprising of Corrective Action and Assessment Management, Knowledge Sharing, and Comprehensive Analysis and Reporting to achieve effective safety culture improvement and continual first-class HSEQ performance.

For more information about Syntex software products and services or to schedule a one-on-one product demonstration at the EEI Spring Occupational Health and Safety Committee Conference, attendees may contact Syntex at [info@syntexsolutions.com](mailto:info@syntexsolutions.com).

### **About Syntex Management Systems, Inc.**

Syntex Management Systems, Inc. designs, develops, and delivers commercial software solutions for Operational and Enterprise Risk Management (ERM) in multiple industries. Syntex enables organizations around the world to reduce their exposure to loss while implementing continuous process improvement to create an annually renewable impact on their bottom line. Through continuously improving the execution of enterprise-wide management systems, our customers improve their performance across operational, quality, compliance, auditing, reputation, environmental, health, safety and security management functions. As a result, Syntex has unequaled expertise in making our customers successful and protecting their reputations by turning continuous improvement strategies into repeatable practices and policies using the power of our enterprise class software solutions.
