

Syntex Management Systems, Inc. to Exhibit at the National Safety Council 2009 Congress & Expo

Houston, Texas (October 21, 2009) – Syntex Management Systems, Inc., world's leading provider of enterprise risk management software solutions, is pleased to announce that Syntex will exhibit at the National Safety Council (NSC) 2009 Congress & Expo taking place on October 26 – 28, 2009 at the Orange County Convention Center West concourse in Orlando, FL. The NSC Congress & Expo delivers access to the products, trends, experts, education, and networking opportunities needed to drive businesses forward during the prosperous and challenging years alike. The conference offers over 800 exhibitors, high-quality technical sessions, in-depth professional development seminars, moving keynotes, and the advanced networking technology of networkNow! For more information visit www.congress.nsc.org.

Registered attendees will have the opportunity to visit Syntex booth number 3112 for a one-on-one demonstration of IMPACT ERM[®] Suite as well as discuss how Syntex is helping global leaders continuously improve HSE performance in the Energy, Chemicals, Process Manufacturing and various other industries. Syntex will discuss how companies are extracting leading indicators from their data to find the “real” leading indicators of performance, such as, HSE Reporting Culture, Leadership Commitment & Involvement, and Action Responsiveness to identify and mitigate operational risks.

IMPACT ERM[®] Suite is a comprehensive Enterprise Risk Management software solution that helps companies dramatically improve Operational, Quality, Security, Health, Safety, and Environmental performance. Today, global industry leaders deploy IMPACT ERM[®] Suite worldwide to reduce losses and improve performance by automating regulatory reporting and enabling in-depth analysis of key operational metrics at site and enterprise levels. The software solution seamlessly integrates Incident, Near Miss, and Investigation Tracking with critical processes such as Corrective Action and Assessment Management, Knowledge Sharing, and Comprehensive Analysis and Reporting to achieve effective safety culture improvement and continual world-class HSE performance.

For more information about Syntex software products and services or to schedule a one-on-one product demonstration at the 2009 NSC Congress & Expo, attendees may contact Syntex at info@syntexsolutions.com.

About Syntex Management Systems, Inc.

Syntex Management Systems, Inc. designs, develops, and delivers commercial software solutions for Operational and Enterprise Risk Management (ERM) in multiple industries. Syntex enables organizations around the world to reduce their exposure to loss while implementing continuous process improvement to create an annually renewable impact on their bottom line. Through continuously improving the execution of enterprise-wide management systems, our customers improve their performance across operational, quality, compliance, auditing, reputation, environmental, health, safety and security management functions. As a result, Syntex has unequalled expertise in making our customers successful and protecting their reputations by turning continuous improvement strategies into repeatable practices and policies using the power of our enterprise class software solutions.
